Product fiche pursuant to Delegated Regulation (EU) no. 1061/2010

Washing Machine	Answer	Units
Supplier's Name or Trade Mark	BEKO PLC	
Model	WX840430B	
Rated category in kg for the standard 60 degree cotton programme at full load or the 40 degree programme at full load whichever is the lower	8	kg
Energy efficiency class	A+++	
EU Ecolabel (If applicable)	N/A	
Weighted annual Energy consumption in kWh per year. "Energy consumption x kWh per year, based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used"	175	kWh per year
Energy consumption of the standard 60 degree cotton programme at full load and partial load of the standard 40 degree cotton programme at partial load	60°C Full: 0.910 60°C Partial: 0.714 40°C Partial: 0.649	kWh
Weighted power consumption of the off-mode and of the left-on mode	Off-mode: 0.5 Left-on mode: 0.5	W
Weighted annual water consumption (AW C) in litres per year. " Water consumption X litres per year, based on 220 standard washing cycles for cotton programmes at 60 degress and 40 degrees at full and partial load. Actual water consumption will depend on how the appliance is used	10559	litres
Spin-drying efficiency class. "Spin drying efficiency class X on a scale from G (least efficient) to A (most efficient)"	B	
Maximum spin speed attained for the standard 60 degree cotton programme at full load or the standard 40 degree programme at partial load, whichever is lower.	1400	rpm
Remaining moisture content attained for the standard 60 degree cotton programme at full load or the standard 40 degree cotton programme at partial load, whichever is greater	53	%
Indication that the "standard 60 degree cotton programme" and the "standard 40 degree cotton programme" are the standard washing programmes to which the information within the label & fiche relates, that these programmes are suitable to clean normally soiled cotton laundry and they are the most efficient programmes in terms of combined energy and water consumption	Cottons 60 Eco and Cottons 40 Eco are the standard washing programmes to which the information in the label relates. These programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water consumption.	
The programme time of the "standard 60 degree cotton programme" at full and partial load and the "standard 40 degree cotton programme" at partial load in minutes	60°C Full: 260 60°C Partial: 235 40°C Partial: 235	minutes
The duration of the left-on mode if the appliance is equipped with a power management system	N/A	minutes
Noise Level (dB(A)) and spinning phases for the standard 60 degree cotton programme at full load	Washing: 54 Spinning: 74	dB(A)
Built-In	N
