## Product fiche pursuant to Delegated Regulation (EU) no. 65/2014

| Domestic Ovens   | Answer                   | Units  |
|--|--------------------------|--------|
| Supplier's Name or Trade Mark  | Belling                  |        |
|  |                          |        |
| Model  | BEL BI602MFPY BIk        |        |
|  |                          |        |
| Energy efficiency index (EEI cavity) for each cavity of the model                                | 94                       |        |
| - m  |                          |        |
| Energy efficiency class for each cavity  | Α                        |        |
|  |                          |        |
| Energy consumption per cycle for each cavity if available in conventional mode and in-fan forced | Conventional mode - 0.99 |        |
| convection mode (kWh electric ovens) and in MJ (gas ovens)                                       | Fan forced mode - 0.79   | kWh    |
|  |                          |        |
| The number of cavities   | 1                        |        |
|  |                          |        |
| The heat source per cavity   | Electric                 |        |
|  |                          |        |
| The volume of each cavity  | 70                       | litres |
|  |                          |        |
