

Product fiche pursuant to Delegated Regulation (EU) no. 1061/2010

| Washing Machine | Answer |
|--|---|
| Supplier's Name or Trade Mark | LOGIK |
| Model | C612WM17 |
| Rated category in kg for the standard 60 degree cotton programme at full load or the 40 degree programme at full load whichever is the lower | 6 kg |
| Energy efficiency class | A++ |
| EU Ecolabel (If applicable) | --- |
| Weighted annual Energy consumption in kWh per year. "Energy consumption x kWh per year, based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used" | 171 kWh |
| Energy consumption of the standard 60 degree cotton programme at full load and partial load and of the standard 40 degree cotton programme at partial load | 0.95 / 0.60 / 0.58 kWh |
| Weighted power consumption of the off-mode and of the left-on mode | 0.09 / 0.67 W |
| Weighted annual water consumption (AW C) in litres per year. " Water consumption X litres per year, based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load. Actual water consumption will depend on how the appliance is used | 9900 L/annum |
| Spin-drying efficiency class. "Spin drying efficiency class X on a scale from G (least efficient) to A (most efficient)" | B |
| Maximum spin speed attained for the standard 60 degree cotton programme at full load or the standard 40 degree programme at partial load, whichever is lower. | 1200 |
| Remaining moisture content attained for the standard 60 degree cotton programme at full load or the standard 40 degree cotton programme at partial load, whichever is greater | 53 |
| Indication that the "standard 60 degree cotton programme" and the "standard 40 degree cotton programme" are the standard washing programmes to which the information within the label & fiche relates, that these programmes are suitable to clean normally soiled cotton laundry and they are the most efficient programmes in terms of combined energy and water consumption | Programme number 3 (Standard 60 ° C cotton programme) and Programme number 4 (standard 40 ° C cotton programme) are the standard washing programmes to which the information on the label and the fiche relates, that these programmes are suitable to clean normally soiled cotton laundry and that they are the most efficient programmes in terms of combined energy and water consumptions. |
| The programme time of the "standard 60 degree cotton programme" at full and partial load and the "standard 40 degree cotton programme" at partial load in minutes | 200 / 175 / 170 mins |
| The duration of the left-on mode if the appliance is equipped with a power management system | N/A |
| Noise Level (dB(A)) and spinning phases for the standard 60 degree cotton programme at full load | 58 / 78 dB(A) |
| Built-In | NO |
