Product fiche pursuant to Delegated Regulation (EU) no. 1061/2010

Washing Machine	Answer
Supplier's Name or Trade Mark	LOGIK
Model	C712WM17

Rated category in kg for the standard 60 degree cotton programme at full load or the 40 degree 7 programme at full load whichever is the lower

Energy efficiency class A++

EU Ecolabel (If applicable) ---Weighted annual Energy consumption in kWh per year. "Energy consumption x kWh per year, 195 kWh

based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used"

Energy consumption of the standard 60 degree cotton programme at full load and partial load 1.04 / 0.75 / 0.69 kWh

and of the standard 40 degree cotton programme at partial load

Weighted power consumption of the off-mode and of the left-on mode 0.05 / 1,00 W

Weighted annual water consumption (AW C) in litres per year. "Water consumption X litres 10337 L/annum per year, based on 220 standard washing cycles for cotton programmes at 60 degress and 40 degrees at full and partial load. Actual water consumption will depend on how the appliance is

Spin-drying efficiency class. "Spin drying efficiency class X on a scale from G (least efficient) to B A (most efficient)"

Maximum spin speed attained for the standard 60 degree cotton programme at full load or the 1200

standard 40 degree programme at partial load, whichever is lower.

Remaining moisture content attained for the standard 60 degree cotton programme at full53load or the standard 40 degree cotton programme at partial load, whichever is greater

Indication that the "standard 60 degree cotton programme" and the "standard 40 degree Programme number 3 (Standard 60 ° C cotton programme) and cotton programme" are the standard washing programmes to which the information within Programme number 4 (standard 40 ° C cotton programme) are the

the label & fiche relates, that these programmes are suitable to clean normally soiled cotton laundry and they are the most efficient programmes in terms of combined energy and water consumption relates, that these programmes in terms of combined energy and water water consumptions.

The programme time of the "standard 60 degree cotton programme" at full and partial load and the "standard 40 degree cotton programme" at partial load in minutes 250 / 195 / 190 mins

system

The duration of the left-on mode if the appliance is equipped with a power management N/A

Noise Level (dB(A)) and spinning phases for the standard 60 degree cotton programme at full 58 / 79 dB

Built-In NO
