Product fiche pursuant to Delegated Regulation (EU) no. 392/2012

Tumble Dryers	Answer
Supplier's Name or Trade Mark	LG
Model	RC8055AH3M
Rated capacity in kg of cotton laundry for the standard cotton programme at full load	8Kg
Air vented, condenser or gas fired	Condenser
Energy officions y class	A++
Energy efficiency class	ATT
Electric Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh per year, based on 160 drying cycles of the	
standard cotton programme at full and partial load, and the consumption of the low -power modes. Actual energy consumption per cycle	230 kWh/year
will depend on how the appliance is used"	
Gas Only: The weighted Annual Energy Consumption - "Energy consumption "X" kWh Gas per year, based on 160 drying cycles of the	
standard cotton programme at full and partial load, and the consumption of the low -power modes. Actual energy consumption per cycle	n/a
will depend on how the appliance is used"	
Automatic tumble dryer or Non automatic tumble dryer	Automatic Tumble Dryer
FIL Feelabel (If applicable)	No
EU Ecolabel (If applicable)	No
Energy consumption of the standard cotton programme at full and partial load	1.91Kwh Full Wash 1.04Kwh Partial Load
Energy consumption of the standard cotton programme at run and partial load	1.51KWIIT dii Wasii 1.54KWIIT di tidi Lodu
Power consumption of the off-mode (P o) and on the left-on mode (P I) for the standard cotton programme at full load	0.4w
The duration of the left-on mode if the appliance is equipped with a power management system	0.4w
Indication that the "standard cotton programme" used at full and partial load is the standard drying programme to which the information	The 'Cotton Cupboard Normal' used at full and partial load is the
within the label & fiche relates, that this programme is suitable for drying normal wet cotton laundry and that it is the most efficient	standard drying programme to which the information in the label
programme in terms of energy consumption for cotton	and the fiche relates, that this programme is suitable for drying
	normal wet cotton laundry and that it is the most efficient
	programme in terms of energy consumption for cotton.
The weighted programme time (T t) of the standard cotton programme at full and partial load in minutes and rounded to the nearest	The weighted programme time (T t) of the 'standard cotton
minute as well as the programme time of the standard cotton programme at full load (T dry) and the programme time of the standard	programme at full -140Mins, The programme time of the
cotton programme at partial load (T dry 1/2) in minutes to the nearest minute	'standard cotton programme at full load' (T dry)-179Mins, The
	programme time of the 'standard cotton programme at partial
	load' (T dry1/2)-111 Mins,
	and partial load'
If the appliance is a condenser tumble dryer, the condensation efficiency class - "Condensation efficiency class X on a scale from G (least	Α
efficient) to A (most effcient)"	
If the appliance is a condenser tumble draw the average condensation official and leave and and action and are the average and applications of the second and are the average and applications of the second and are the average and applications of the second and are the average and applications of the second and are the second are the second and are the second are the second and are the second are the second and are the second are	0.29/
If the appliance is a condenser tumble dryer, the average condensation efficiency class - "standard cotton programme at full and partial load"	93%
ioau ————————————————————————————————————	
Noise Level (dB(A)) for the standard cotton programme at full load	65 dB(A)
The state of the s	
Built-In	No
