

Product fiche pursuant to Delegated Regulation (EU) no. 1061/2010

Washing Machine	Answer
Supplier's Name or Trade Mark	Bosch
Model	WAB28161GB
Rated category in kg for the standard 60 degree cotton programme at full load or the 40 degree programme at full load whichever is the lower	6 kg
Energy efficiency class	A+++
EU Ecolabel (If applicable)	N/A
Weighted annual Energy consumption in kWh per year. "Energy consumption x kWh per year, based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used"	153 kWh
Energy consumption of the standard 60 degree cotton programme at full load and partial load of the standard 40 degree cotton programme at partial load	full load 60 degrees: 0.74 kWh, partial load 60 degrees: 0.73 kWh, partial load 40 degrees: 0.5 kWh
Weighted power consumption of the off-mode and of the left-on mode	Left on mode: 1.27 W, Off Mode: 0.15 W
Weighted annual water consumption (AW C) in litres per year. " Water consumption X litres per year, based on 220 standard washing cycles for cotton programmes at 60 degrees and 40 degrees at full and partial load. Actual water consumption will depend on how the appliance is used	10560 litres
Spin-drying efficiency class. "Spin drying efficiency class X on a scale from G (least efficient) to A (most efficient)"	B
Maximum spin speed attained for the standard 60 degree cotton programme at full load or the standard 40 degree programme at partial load, whichever is lower.	1395 rpm
Remaining moisture content attained for the standard 60 degree cotton programme at full load or the standard 40 degree cotton programme at partial load, whichever is greater	53%
Indication that the "standard 60 degree cotton programme" and the "standard 40 degree cotton programme" are the standard washing programmes to which the information within the label & fiche relates, that these programmes are suitable to clean normally soiled cotton laundry and they are the most efficient programmes in terms of combined energy and water consumption	Cottons 60 Eco and Cottons 40 Eco are the standard washing programmes to which the information in the label relates. These programmes are suitable to clean normally soiled cotton laundry and are the most efficient programmes in terms of combined energy and water consumption.
The programme time of the "standard 60 degree cotton programme" at full and partial load and the "stand 40 degree cotton programme" at partial load in minutes	Washing Time full load 60 degrees: 270 minutes, partial load 60 degrees: 270 minutes, partial load 40 degrees: 270 minutes
The duration of the left-on mode if the appliance is equipped with a power management system	N/A
Noise Level (dB(A)) and spinning phases for the standard 60 degree cotton programme at full load	Washing Noise: 59 dB(A), Spinning Noise: 77 dB(A)
Built-In	No
