## Product fiche pursuant to Delegated Regulation (EU) no. 1061/2010

Washing Machine	Answer
Supplier's Name or Trade Mark	KENWOOD
Model	K1014WM18
Rated category in kg for the standard 60 degree cotton programme at full load or the	10 kg
40 degree programme at full load whichever is the lower	
Energy efficiency class	A+++
Lifetgy efficiency class	АТТТ
EU Ecolabel (If applicable)	
Weighted annual Energy consumption in kWh per year. "Energy consumption x kWh	236 kWh
per year, based on 220 standard washing cycles for cotton programmes at 60 degrees	
and 40 degrees at full and partial load, and the consumption of the low-power modes.	
Actual energy consumption will depend on how the appliance is used"	
Energy consumption of the standard 60 degree cotton programme at full load and	1.57 kWh/cycle
partial load of the standard 40 degree cotton programme at partial load	0.68 kWh/cycle
k	0.63 kWh/cycle
Weighted power consumption of the off-mode and of the left-on mode	
Weighted annual water consumption (AW C) in litres per year. "Water consumption X	12760 litres / year
litres per year, based on 220 standard washing cycles for cotton programmes at 60	60 litres / cycle
degress and 40 degrees at full and partial load. Actual water consumption will depend	56 litres / cycle
on how the appliance is used	
Spin-drying efficiency class. "Spin drying efficiency class X on a scale from G (least	В
efficient) to A (most efficient)"	
Maximum spin speed attained for the standard 60 degree cotton programme at full	1330 rpm
load or the standard 40 degree programme at partial load, whichever is lower.	
Remaining moisture content attained for the standard 60 degree cotton programme at	E20/
full load or the standard 40 degree cotton programme at partial load, whichever is	33%
greater	
Indication that the "standard 60 degree cotton programme" and the "standard 40	
degree cotton programme" are the standard washing programmes to which the	
information within the label & fiche relates, that these programmes are suitable to	
clean normally soiled cotton laundry and they are the most efficient programmes in	
terms of combined energy and water consumption	
The programme time of the "standard 60 degree cotton programme" at full and partial	260 mins
load and the "standard 40 degree cotton programme" at partial load in minutes	195 mins
	190 mins
The duration of the left-on mode if the appliance is equipped with a power	
management system	
Noise Level (dP(A)) and coinning phases for the standard CO degree cotton as-	66 dP(A)
Noise Level (dB(A)) and spinning phases for the standard 60 degree cotton programme at full load	66 dB(A)
at full load	
Built-In
